**Zochem Inc.**  
1 Tilbury Court  
Brampton, ON L6T 3T4

Dear Khalid Abdullah:

**RE: Zoco Zinc Oxide 102**

This is in response to your email of February 1, 2016, wherein you requested our comments on the acceptability of the subject product for use in food packaging applications.

The subject product is intended to be used as a stabilizer in polymers such as polyethylene, polypropylene, styrene-butadiene copolymer and polystyrene with direct contact with all types of food at a maximum temperature of 121°C (250°F).

Based on the information provided, we can advise that we see no reason to object to the use of the subject product as proposed, provided it is technically suitable for the intended end-use.

Yours truly,

Cynthia Scholten
